ASSISTANT PROFESSOR IN NEUROSCIENCE

Neuroscience Faculty Position:
Department of Biology
Washington University in St. Louis

The Department of Biology at Washington University in St. Louis seeks a junior colleague at the rank of tenure-track Assistant Professor in the area of Neuroscience. Under exceptional circumstances, tenured appointments may be considered at the rank of associate or full professor. The successful candidate will establish a vigorous research program, and participate in undergraduate and graduate teaching. Candidates with expertise in systems, developmental, computational, or cellular neuroscience, or neuroethology will be viewed with particular interest. All candidates must have their Ph.D. in hand at the time of the appointment. The successful candidate will be encouraged to participate in University-wide initiatives in Neuroscience, Imaging and Systems Biology. For further information, see the Department of Biology (biology.wustl.edu) and the Neuroscience Program (neuroscience.wustl.edu). Review of applications will begin November 1, 2006. Applications will be accepted until the position is filled. Please submit a cover letter, curriculum vitae, brief statements of research and teaching interests, reprints of up to three papers, and the names and affiliations of three persons who have been asked to send letters of recommendation. We prefer electronic submissions emailed to:

neurosearch@biology.wustl.edu

If you prefer hard copies, please send them to: Chair of Neuroscience Search, Department of Biology, Washington University, Campus Box 1137, One Brookings Drive, St. Louis, MO 63130-4899.

Washington University is committed to excellence through diversity, and we particularly encourage applications from persons from underrepresented groups. Washington University is an Affirmative Action Employer.
